

Testing PDF Links

This is a sample PDF document used for testing purposes. Below are some dummy links you can use to verify if the extraction is working properly.

1. Visit [Google](https://www.google.com) for searching anything you want.
2. You can find more details on [OpenAI's official website](https://www.openai.com).
3. Here's a link to [GitHub](https://www.github.com), a platform for hosting your code repositories.
4. Check out the latest news on [BBC](https://www.bbc.com).
5. If you're looking for more information about AI, visit [AI News](https://www.ainow.com).
6. For developers, [Stack Overflow](https://www.stackoverflow.com) is a great place to get help with your coding problems.

Feel free to click the links above to explore more about the topics mentioned.
